

Reshaping Society Through Analytics Collaboration And Decision Support

Author : Lakshmi S Iyer Daniel J Power / **Category :** Business & Economics / **Total Pages :** 269 pages

 [Download Reshaping Society Through Analytics Collaboration And Decision Support PDF](#)

Summary : Free reshaping society through analytics collaboration and decision support pdf download - this volume explores emerging research and pedagogy in analytics collaboration and decision support with an emphasis on business intelligence and social media in general the chapters help understand where technology involvement in human decisions is headed reading the chapters can help understand the opportunities and threats associated with the use of information technology in decision making computing and information technologies are reshaping our global society but they can potentially reshape it in negative as well as positive ways analytics collaboration and computerized decision support are powerful decision aiding and decision making tools that have enormous potential to impact crisis decision making regulation of financial systems healthcare decision making and many more important decision domains many information technologies can potentially support assist and even decide for human decision makers despite the potential some researchers think that we know the answers to how these technologies will change society the wisdom of crowds or big data become the topic of the day and are soon replaced with new marketing terms in many ways mobile technology is just another form factor to adapt decision support capabilities too and experiment with new capabilities the cloud is a nebulous metaphor that adds to the mystery of information technology wireless technology enables the ubiquitous presence of analytics and decision support with new networking capabilities collaboration is possible anywhere and everywhere using voice video and text documents can be widely shared and massive numbers of documents can be carried on a small tablet computer recent developments in technologies impact the processes organizations use to make decisions in addition academics are looking for ways to enhance their pedagogy to train students to be more adept in understanding how emerging technology will be used effectively for decision making in organizations the chapters are based on papers originally reviewed at the special interest group on decision support systems sigdss workshop at the 2013 international conference on information systems icis 2013 ultimately this volume endeavors to find a balance between systematizing what we know so we can teach our

findings from prior research better and stimulating excitement to move the field in new directions

Publisher : Springer on 2014-12-04 / **ISBN :** 9783319115757
