Proceedings Of The Second International Conference On Mechatronics And Automatic Control

Author :Wego Wang / **Category** :Technology & Engineering /
Total Pages : 1207 pages

 [Download Proceedings Of The Second
International Conference On Mechatronics And
Automatic Control PDF](#)

Summary : Free proceedings of the second international conference on mechatronics and automatic control pdf download - this book examines mechatronics and automatic control systems the book covers important emerging topics in signal processing control theory sensors mechanic manufacturing systems and automation the book presents papers from the second international conference on mechatronics and automatic control systems held in beijing china on september 20-21 2014 examines how to improve productivity through the latest advanced technologies covering new systems and techniques in the broad field of mechatronics and automatic control systems

Publisher : Springer on 2015-08-03 / **ISBN** : 9783319137070
