

Handbook Of Inorganic Compounds Second Edition

Author : Dale L Perry / **Category :** Science / **Total Pages :** 581 pages

 [Download Handbook Of Inorganic Compounds Second Edition PDF](#)

Summary : Free handbook of inorganic compounds second edition pdf download - this updated edition of the handbook of inorganic compounds is the perfect reference for anyone that needs property data for compounds casrn numbers for computer or other searches a consistent tabulation of molecular weights to synthesize inorganic materials on a laboratory scale or data related to physical and chemical properties fully revised the second edition includes new data on inorganic optical materials radiation detection inorganics thermochromic compounds piezochromic compounds catalysts superconductors and luminescent fluorescent and phosphorescent inorganics compiled for chemists chemical engineers materials scientists and other scientists this handbook provides basic essential property data for compounds that they wish to use in their database compilations research and applications work american chemical society acs chemical abstract registry numbers rns or cas numbers for computer and other searches an effort has been made to include cas numbers for both hydrated chemical compounds and their parent anhydrous compounds a tabulation of molecular weights for calculations in this handbook molecular weights have been calculated to three decimal places in all cases textbook and inorganic chemistry resource books the handbook of inorganic compounds second edition consists of data for 3 326 selected gas liquid and solid compounds including representative compounds of several different classes of compounds choices of compounds were based on criteria such as inclusion of the compounds in various handbooks of laboratory chemicals discussion in recent research publications compounds important to inorganic materials chemistry and comments of the advisory committee guiding the production of the first edition of the handbook

Pusblisher : CRC Press on 2011-05-18 / **ISBN :** 9781439814628
