This document and associated files have been prepared by the National Institute of Standards and Technology (NIST) and represent draft test materials for the Election Assistance Commission's next iteration of the VVSC. It is a preliminary draft and does not represent a consensus view or recommendation from NIST, nor does it represent any policy positions of NIST.

Certain commercial entities, equipment, or material may be identified in this document in order to describe an experimental procedure or concept adequately. Such identification is not intended to imply recommendation or endorsement by the National Institute of Standards and Technology, nor is it intended to imply that those entities, materials, or equipment are necessarily the best available for the purpose.

Style Guide For Voting System Documentation
