

Control Of Distributed Parameter Systems 1982

Author : Jean-Pierre Babary Laurent Le Letty / **Category :** Technology & Engineering / **Total Pages :** 660 pages

 [Download Control Of Distributed Parameter Systems 1982 PDF](#)

Summary : Free control of distributed parameter systems 1982 pdf download - control of distributed parameter systems 1982 covers the proceeding of the third international federation of automatic control ifac symposium on control of distributed parameter systems the book reviews papers that tackle issues concerning the control of distributed parameter systems such as modeling identification estimation stabilization optimization and energy system the topics that the book tackles include notes on optimal and estimation result of nonlinear systems approximation of the parameter identification problem in distributed parameters systems and optimal control of a punctually located heat source this text also encompasses the stabilization of nonlinear parabolic equations and the decoupling approach to the control of large spaceborne antenna systems stability of hilbert space contraction semigroups and the tracking problem in the fractional representation approach are also discussed this book will be of great interest to researchers and professionals whose work concerns automated control systems

Pusblisher : Elsevier on 2014-05-16 / **ISBN :** 9781483153230
