 [Download Virtue Ethics And Consequentialism In Early Chinese Philosophy PDF](#)

Summary : Free virtue ethics and consequentialism in early chinese philosophy pdf download - in this book bryan w van norden examines early confucianism as a form of virtue ethics and mohism an anti-confucian movement as a version of consequentialism the philosophical methodology is analytic in that the emphasis is on clear exegesis of the texts and a critical examination of the philosophical arguments proposed by each side van norden shows that confucianism while similar to aristotelianism in being a form of virtue ethics offers different conceptions of the good life the virtues human nature and ethical cultivation mohism is akin to western utilitarianism in being a form of consequentialism but distinctive in its conception of the relevant consequences and in its specific thought-experiments and state-of-nature arguments van norden makes use of the best research on chinese history archaeology and philology his text is accessible to philosophers with no previous knowledge of chinese culture and to sinologists with no background in philosophy
