

Human Factors In Automotive Engineering And Technology

Author :Dr Guy H Walker Professor Neville A Stanton
Professor Paul M Salmon / **Category** :Technology &
Engineering / **Total Pages** : 326 pages

 [Download Human Factors In Automotive Engineering And Technology PDF](#)

Summary : Free human factors in automotive engineering and technology pdf download - offering a unique perspective on vehicle design and on new developments in vehicle technology this book seeks to bridge the gap between engineers who design and build cars and human factors as a body of knowledge with considerable value in this domain the work that forms the basis of the book represents more than 40 years of experience by the authors human factors in automotive engineering and technology imparts the authors scientific background in human factors by way of actionable design guidance combined with a set of case studies highly relevant to current technological challenges in vehicle design the book presents a novel and accessible insight into a body of knowledge that will enable students professionals and engineers to add significant value to their work

Publisher : Ashgate Publishing Ltd on 2015-06-28 / **ISBN** : 9781472406286
