 [Download Beyond Slash Burn And Poison PDF](#)

Summary : Free beyond slash burn and poison pdf download - depending on one's vantage point breast cancer can be a very different experience and indeed a very different concern it is for some a personal struggle for others it is a disease posing scientific and environmental challenges and for others it is a highly charged and politicized issue around which policy wars rage beyond slash burn and poison brings a unique perspective to breast cancer by recognizing the overlapping relationship of all these realities drawing on the writings of Rachel Carson Betty Ford Rose Kushner and Audre Lorde this book explores the various ways in which patient-centered texts continue to leave their mark on the political realm of breast cancer and ultimately the disease itself ordered chronologically the selections trace the progression of discussions about breast cancer from a time when the subject was kept private and silent to when it became part of public discourse the texts included are personal accounts written by women struggling to play an active role in their healing process and at the same time hoping to help others do the same Knopf-Newman also shows us how these writings eventually changed public opinion and the underlying tendency to blame women for their illness she argues that changes in medical practice and public policy are linked to textual interventions and makes a case for the politicization of cultural studies of disease through personal and literary expression passionately written and well-researched beyond slash burn and poison transforms how we think about breast cancer rather than facilitating forums for separate discussions this book brings conversations into dialog with each other it is essential reading for anyone concerned with breast cancer and its history as well as for those interested in the effect of the environment on public health and the role that literature plays in public policy and medicine

Publisher : Rutgers University Press on 2004 / **ISBN :** 0813534712
