Summary : Free the public and its possibilities pdf download - in his compelling reinterpretation of american history the public and its possibilities john fairfield argues that our unrealized civic aspirations provide the essential counterpoint to an excessive focus on private interests inspired by the revolutionary generation nineteenth-century americans struggled to build an economy and a culture to complement their republican institutions but over the course of the twentieth century a corporate economy and consumer culture undercut civic values conflating consumer and citizen fairfield places the city at the center of american experience describing how a resilient demand for an urban participatory democracy has bumped up against the fog of war the allure of the marketplace and persistent prejudices of race class and gender in chronicling and synthesizing centuries of u s history including the struggles of the antislavery labor women s rights movements fairfield explores the ebb and flow of civic participation activism and democracy he revisits what the public has done for civic activism and the possibility of taking a greater role in this age where there has been a move towards greater participation in america s public life from its citizens fairfield s book written in an accessible jargon-free style and addressed to general readers is especially topical
