Agent Computing And Multi-Agent Systems

Author : Ramakoti Sadananada / **Category :** Computers / **Total Pages** : 827 pages

📥 **Download Agent Computing And Multi-Agent Systems PDF**

Summary : Free agent computing and multi-agent systems pdf download - this book constitutes the refereed proceedings of the 9th pacific rim international workshop on multi-agents prima 2006 held in guilin china in august 2006 the book presents 39 revised full papers and 57 revised short papers together with 4 invited talks addressing subjects from theoretical and methodological issues to applications topics include agent models agent architectures agent-oriented software engineering semantic web service collaboration coordination and negotiation and more
